

Piranha Model 60115 Fish Cleaning Station

Piranha Intelligent Control System:

- Either green button starts the disposal and rinse.
- Disposal automatically stops when an adjustable run timer elapses, after which the rinse continues for an adjustable post-flow time to flush all wastes through your drain. Your patrons can't leave the disposal or basin-rinse water running!
- Disposal is automatically reversed each time it is started, or if it jams.
- Either red button immediately stops the disposal. Pressing it twice also stops the basin rinse.
- Displays daily, weekly and monthly usage.
- Housed in NEMA 4X enclosures.

Standard Features:

- Heavy-duty waste disposal
- Exclusive dual 6" inlet chute protects both your patrons and the grinder
- $\frac{3}{4}$ " Sanalite cutting boards that slope to central drainage basin
- End-mounted, 48" x 20" x 34" high ADA-compliant cutting table
- Two Start/Stop control stations
- Automatic basin flush nozzles
- Four 60" side-mount spray hoses
- 15A/120V convenience outlet circuit with four duplex GFCI receptacles
- Welded T304 stainless steel cabinet with adjustable leveling feet
- Lockable doors and removable front panel for maintenance access
- Shipped fully assembled

Disposal Specifications:

- 5, 7½ or 10 HP, 230V/3PH AC motor
- 3" female NPT side-discharge port
- de-jamming wrench included

Requirements:

- 30A/240 VAC, 1- or 3-phase service
- 10 GPM, 50-60 PSI water supply (1" female NPT inlet valve)

Available Options:

- Lockable winter cover
