

Piranha Model 60115 Fish Cleaning Station

Standard Features:

- Heavy-duty waste disposal
- Exclusive dual 6½" inlet protects both your patrons and the grinder
- ¾" Sanalite cutting boards that slope to central drainage basin
- End-mounted, 48" x 20" x 34" high ADA-compliant cutting table
- Two Start/Stop control stations
- Automatic basin flush nozzles
- Four 60" side-mount spray hoses
- Four 120V GFCI convenience outlets
- Welded T304 stainless steel cabinet with adjustable leveling feet
- Lockable doors and removable front panel for maintenance access
- Shipped fully assembled

Disposal Specifications:

- 5 or 10 HP, 230VAC motor
- 3" female NPT side-discharge port
- de-jamming wrench included

Requirements:

- 30A/240VAC, 1 or 3-phase service (no add-on converter required)
- 10 GPM, 50-60 PSI water supply (1" female NPT inlet valve)

Available Options:

- Hide-away, top-mount spray hoses
- Cold-weather insulation package
- Lockable winter cover

Piranha Intelligent Control System:

- Either green button starts disposal and basin rinse.
- Adjustable timers automatically stop disposal and rinse at the same time. After a brief pause, the rinse resumes long enough to flush all wastes through your drain. Your patrons can't leave the grinder or water running!
- Disposal is automatically reversed each time it is started, or if it jams.
- Either red button immediately stops the disposal, pressing it twice also stops the basin rinse.
- Displays daily, monthly and cumulative usage.
- Housed in NEMA 4X enclosures.
